EXPERIENCE

IT Support Specialist

Dec 2020 — Present

Pro-Med Onsite

- Delivered daily technical support for internal users, resolving Windows OS, application, network, and email-related issues.
- Troubleshoot hardware problems including desktops, laptops, printers, and peripheral devices.
- Performed password resets, workstation setup, software installations, and system updates.
- Provided remote support using RDP, TeamViewer, and AnyDesk.
- Managed ticket intake, prioritization, and documentation using Jira.
- Diagnosed LAN and Wi-Fi connectivity issues and supported stable office network operations.
- Rebuilt and maintained the main company web application for both mobile and desktop platforms using Next.js, React, JavaScript, TypeScript, and Tailwind CSS.

IT Associate

Feb 2020 — Dec 2020

Pro-Med Onsite

- Assisted with workstation setup, software installations, system updates, and user account maintenance.
- Handled password resets, basic troubleshooting, and peripheral configuration.
- Responded to incoming support requests and escalated issues as needed.
- Supported day-to-day IT operations in a small business environment.
- Provided ongoing maintenance, troubleshooting, and issue resolution for the company's WordPress-based website to ensure uptime, performance, and reliability.
- Managed and maintained e-commerce product catalogues, including cataloguing and updating thousands of surgical equipment listings to ensure data accuracy and system reliability.

EDUCATION

Bachelor of Science in Computer Science

2022

California State University, Northridge

- *Honors:* Cum Laude, Dean's List (2020-2022)
