EXPERIENCE

IT Support Specialist

Pro-Med Onsite

Feb 2020 — Present

- Delivered daily technical support for internal users, resolving Windows OS, application, network, and email-related issues.
- Troubleshoot hardware problems including desktops, laptops, printers, and peripheral devices.
- Performed password resets, workstation setup, software installations, and system updates.
- Provided remote support using RDP, TeamViewer, and AnyDesk.
- Managed ticket intake, prioritization, and documentation using Jira.
- Diagnosed LAN and Wi-Fi connectivity issues and supported stable office network operations.
- Developed and maintained the main company web application for both mobile and desktop platforms using Next.js, React, JavaScript, TypeScript, and Tailwind CSS.

EDUCATION

Bachelor of Science in Computer Science

2022

California State University, Northridge
Cum Laude, Dean's List (2020-2022)

TECHNICAL EXPERIENCE & ENVIRONMENTS

- Windows workstation setup, troubleshooting, and peripheral configuration.
- Printer diagnostics, replacement, and recurring issue resolution.
- Basic network troubleshooting (DNS, DHCP, LAN/Wi-Fi connectivity).
- Remote user support using enterprise tools.
- Automated internal workflows using JavaScript and PHP to reduce repetitive support tasks.

PROFESSIONAL IT RESPONSIBILITIES

- Served as the primary point of contact for day-to-day technical issues in a small business environment.
- Prioritized and resolved multiple support requests simultaneously while minimizing business disruption.
- Communicated technical issues and solutions clearly to non-technical users.
- Documented common issues and fixes to improve resolution time and consistency.
- Applied basic security best practices when handling user accounts, devices, and credentials.
